

# Five Star Oestress Liquid

Helps the mare to balance her oestrus cycle naturally by targeting the root causes of her discomfort which lead to her moods.

**Feeding Instructions** Feed wherever seasonal behavioural changes and tension are seen in mares.

	ml per day
<b>Horses &amp; Ponies</b>	
Peak rate (3 – 5 days)	75 – 100
Maintenance	25 – 50

Introduce gradually for fussy feeders.

Maintenance levels may be adjusted to suit the individual and are not necessarily related to bodyweight.

Loading rate may be used to establish her on Oestress Liquid and during the peak times of her season.

Not recommended for pregnant mares, and it is recommended to discontinue use on broodmares two months prior to covering.

Also suitable for geldings showing 'riggy' behavior.

A 1L bottle fed at 25ml per day will last approximately 40 days.

## Ingredients

### Composition
